

## STOCKS

The few selling orders for Monarch at 10 were snapped up quickly this morning. Jumbo Extension held firm but failed to move up on the good news from the mine. Round Mountain was particularly active at advanced prices, due doubtless to the rapid completion of the hydraulic line and the assurance of plenty of water this season for placer mining.

The following are the closing stock quotations, and the record of the day's sales, as received from the San Francisco stock exchange this afternoon by Broker H. E. Epstein:

## DUSTIN FARNUM AT THE PASTIME THEATER

"THE VIRGINIAN" IS ATTRACTION TODAY AT THE NEW PLAYHOUSE

"The Virginian," with Dustin Farnum in the leading role, which comes to the Pastime theater today and tomorrow, is said to be the most artistic production yet made by the now famous Jesse L. Lasky Feature Play company. "The Virginian," well remembered by Owen Wister, and the play of Kirk La Salle, is composed of four hundred scenes, requiring a cast of three hundred players, and is in five parts. Owing to the non-arrival of our extra attraction, "The Virginian" will be presented without a filler preceding. All reserved seats remaining unsold at the time the box office opens will be sold out first at the general admission price of 15c. Reserved seats bought in advance will be held one half hour after performance starts. AdvA1911

## AIRDOME WILL BE THROGGED TONIGHT

that will be here tonight from Goldfield by auto and special train and from advance seat sale, the greatest in many years, it appears there will be only standing room on the special.

Jack Bratton, who opposes Johnnie Connelly in the special event tonight, is a favorite in the betting, as his training here has shown that he is a boxer of the first water and it would be hard to mention anything in that line that he has not proven to be an adept and from a glance at his record on another page it can be seen that he is a wonder for his weight, but Connelly is as clever a lad as Nevada has ever seen and his record of 128 contests and a big majority of them victories for him will prove that it will be nip and tuck and a hard and the most science contest southern Nevada has ever seen.

Kid Ross, who opposes Sudenberg, shows splendid physique and confidence and a smile that bespeak nothing but a perfect gentleman. The Airdome tonight will be the scene of a large gathering and such contests as will be second to none in many a year.

Millers, Mina, Blair, Manhattan and Round Mountain will be well represented, as the orders for reserved seats have been very large from those districts, and with the Tonopah Mill-

## BUTLER THEATER

Another interesting program has been arranged for the Butler this evening, consisting of a five-reel program as follows: Hearst-Selig Weekly of Current Events, with interesting scenes from all over the world; the fable of the "Divine Spark That Had a Short Circuit," a George Ade comedy which always brings a good laugh; "In the Hands of the Jury," a two-reel Kalem drama featuring Anna Nilsson and Harry Millarde. Fate never played a grimmer joke than when she caused Murdock to be made a member of the jury which was to try Dr. Merton for the murder of his partner, Dr. Butler. Fate went so far as to make Murdock stand alone for Merton's conviction, while his eleven fellow-jurors were for acquittal on the grounds of insufficient evidence. The program will conclude with another one of those Keystone gloom-chasers entitled "Gentlemen of Nerve," featuring the only Charles Chaplin and Mable Normand, who is a close second in the fun-making line. If you want to enjoy a good laugh, don't miss it.

On Wednesday your favorite Selig star, Kathryn Williams, will be seen in a two-reel feature, "The Vision of the Shepherd." This is the first appearance of Miss Williams for some time and everyone will be glad to see her. Coming Saturday, Evelyn Nesbit Thaw.—Adv.

JOHN TABOR, proprietor of the Round Mountain hotel, is in town.

T. K. MUIR left this morning for Manhattan to oversee operations on the Little Gray.

## EAST END MINE NOW TROUBLED WITH WATER

The past week has been one of cares and worries for the Tonopah East End company. The shaft, which is in what appears to be gouge material, is making water at a greater degree and the baler has been run on night shift. Following this came the parting of the cable, which did no damage. A new cable has been received and will be installed in a day or two. As the property now has electrical connections, it is probable that an electrical sinking pump will shortly be installed.
